

The Westchester/Putnam Youth Symphony is a non-profit organization founded in September 1996 for the students in your community. The group has earned high praise for concerts at the Paramount Hudson Valley, John Jay Homestead, “The Westchester” in White Plains, the Putnam Country Club and the plaza at Lincoln Center.

We perform music from Bach to Beethoven and contemporary works by 20<sup>th</sup> and 21<sup>st</sup> century composers. We recently commissioned and premiered a work with local soloist Daisy Jopling. Our Senior Symphony has performed internationally, with tours including Ireland (2015), Czech Republic (2011), France and Italy (2007), and Austria, Slovenia and Italy (2002). We also serve our local community, by performing at nursing homes, assisted living homes, resource centers, and local museums.

As a non-profit group, we are looking to members of the community we represent and enrich for support. We are offering advertisements in this season’s main concert program in return for your contribution.
